What is Joycare?

Joycare is a Prescribed Pediatric Extended Care Center (PPECC) in Houston that offers an *Advanced Day Program* for medically fragile/complex kids 6 weeks to 20 yrs. old. We provide skilled nursing care, an enrichment program, and medical therapies in one

location. Our team consists of: a Medical Director, a Nursing Director, Registered Nurses, Licensed Vocational Nurses, Certified Nurse Assistants, Speech, Physical, and Occupational Therapists, a Certified Teacher, and Music/Sign Language Instructors.

Why Joycare?

- As a Pediatric facility, we can enforce more clinical supervision.
- Every child enrolled is assigned a nurse to administer care.
- We have a Medical Director who is on call for emergencies and a Nursing Director who supervises the clinical staff daily.
- Studies show that children enrolled in PPECCs have a much lower medical condition severity and a higher quality of life (vs. PDN).
- Our program allows parents to rest and manage their work schedule.
- We offer a FREE Educational Program and Virtual School Assistance.
- Our Infection Control Officer enforces our strict safety protocols.

Insurance Accepted:

- All Medicaid Plans
- Texas Children's Plans
- Community Health Choice
- Amerigroup
- United
- CSHCN Program
- Aetna
- Cigna
- Blue Cross Blue Shield
- Superior Health and Other Plans

Conditions Served:

Joycare Pediatric Day Health Center covers medically and technology dependent children who receive a prescription from their physician for skilled nursing services. Common conditions include:

- Respiratory Diseases/Disorders
- Gastrointestinal Disorders
- Gastrostomies
- Neurological Disorders (i.e. seizures)
- Oxygen Dependent
- Cerebral Palsy
- Spina Bifida
- Feeding/Swallowing Disorders

- Failure to Thrive
- Cardiac Anomalies
- Endocrine Disorders
- Quadriplegic / Paraplegic
- Hypoglycemia / Diabetes
- Organ Transplants
- IV Therapies, etc.

Does My Child Qualify?

To qualify for PPECC services, children must: (a) be medically complex or fragile and/or technologically dependent, (b) have approval from his/her doctor, (c) be medically stable, (d) be appropriate for outpatient care, (e)
